

# G23

# ENGINE BREAKER/POST DRIVER

- ▶ **ULTRA HEAVY DUTY**
- ▶ **EASY STARTING - EASY SERVICE**
- ▶ **FOUR MOVING PARTS**
- ▶ **POWERFUL ENGINE BREAKER**

- On-Off Air Breaker simplicity
- Minimal training needed
- Simple starting 2 cycle Robin
- Easy service replacement motors, for low cost repairs
- Engine parts widely available
- Highest hitting force available
- Lean oil mix means little smoke
- Few moving parts
- Uses standard 1-1/4" tools
- Anti-Vibration handles
- Air cushion dampening for virtually no recoil means less operator fatigue
- High fuel efficiency 1qt/hr
- Uses regular 10w30 oil for lubrication
- Modular design for easy service
- Sturdy steel tool holder
- Tools available for driving, tamping and breaking

**Dimensions: 32x18x13"**

**Clutch: Centrifugal**

**Tank Size: 1.0 Qt.**

**Impact Energy: 50 Ft-lb**

**Starter: Recoil**

**Weight: 50 lbs**

**Hp: 1.4 @ 6000 Rpm**

**Fuel: 25:1 2 Cycle**

**Max Speed 6000 Rpm**

**Impact Rate: 1200 Bpm**

**Engine: 2 Cycle OHV**

**Displacement: 40.2 cc**

**Carburation: Diaphragm**

**Air Filter: Semi-Wet**

**Shank: 1-1/4"x6"(std)**
